

More on the Stones

I couldn't resist adding the following comment to [AccountingWEB's](#) story on the Stones using the Netherland Antilles and the Netherlands as a way of avoiding tax on their royalties:

All of which proves that You Can't Always Get What You Want although *Satisfaction* does come if you *Gotta Get Away in Another Land* but it may cause a tax inspector their *19th Nervous Breakdown* as the Stones say *Gimme Shelter* as they *Get Off the Hook*.

And then it made me think there must have been better things to do with my time, and that *Sympathy for the Devil* had clearly got the better of me.
