

1,400 miles for a tax dodge

Published: January 13, 2026, 2:05 pm

As the [Daily Telegraph](#) has reported:

Tesco is shipping CDs and DVDs to Switzerland and back in order to save customers as little as £1.56 on a DVD, despite claiming in its corporate responsibility review that it was "taking practical steps to reduce ... energy use and greenhouse gas emissions"

Tescos is launching its latest green initiative today.

But all principles go out of the window when it comes to tax. It's a well known fact.
