

Cayman Islands says 'not a tax haven'

Published: January 13, 2026, 11:33 am

[BBC World Service - Business - Cayman Islands says 'not a tax haven'](#).

I am afraid rather typical BBC news reporting bia here.

When it comes to tax the BBC is horribly business biased.

And here we have a sentence or two saying Cayman is a tax haven and a six minute response.

I think that qualifies as bias.
