

DfID investigating country-by-country reporting

Published: January 14, 2026, 11:19 pm

The Department for International Development [white paper](#) says:

the Government is discussing with its international partners whether other initiatives, including country-by-country reporting of tax payments, could offer an effective and suitable means of advancing the tax transparency agenda.

Excellent! Country-by-country reporting marches on. And nothing could deliver more tax revenue to developing countries than its implementation, I am sure. And that revenue in those countries is what we need.
