JERSEY will have an important role to play in solving the global financial crisis, an audience of UK lawyers was told in London last week.

And, as a result, Jersey Finance chief executive Geoff Cook said that he had great confidence in Jersey's future.

Mr Cook, who was speaking at an event at the Law Society Common Room, said that reputable international finance centres would play a vital part in helping to resolve the world's financial crisis.

The fantasy of those involved in finance in Jersey continues.
