For those interested I am on ITV1 at 7.30pm this evening in a programme called "Paying Britain's Bill"

They say:

*The economy and the size of our national debt is arguably the most important issue in the run-up to the 2010 General Election. Morland Sanders looks at how our money is being spent, how we are going to pay it back - and what this means to ordinary families across Britain.*

I say "problem, what problem?"
