

Celebrating election victory

Published: January 14, 2026, 11:53 pm

Yes I am, honestly.

I'm delighted Caroline Lucas, leader of the Green Party, won a seat in parliament yesterday.

This is the first parliamentary seat for the Green New Deal group.

It's a shame Tony Juniper, another member of the Green New Deal group did not join her from Cambridge, but this is a real breakthrough.

Something to celebrate.
