

Left Futures

Published: January 13, 2026, 5:49 am

[Left Futures is a new blog](#) backed by long standing (I think 40 years in the House constitutes long standing) Labour MP Michael Meacher.

It says of itself:

The best that's Left in Labour. Good writing. Sharp criticism. Open debate. Campaigning. Red or green, aligned or not, Left Futures seeks to refresh and activate your politics.

I will be an occasional contributor. My [first offering is here](#).
