From the [blog of Attac Jersey](#):

**Good news for those of you who live in Jersey. An important event not to be missed! Richard Murphy will be speaking on:- "Jersey - Let finance work for you" at 7.pm at Hautlieu School Hall on Monday 24th January. There will be plenty of time for questions. Ample space for parking. However, please come a few minutes early if you possibly can so as to begin promptly.**

It's my first visit to Jersey for some time. I'm looking forward to meeting friends and critics alike.
