It seems not everyone is convinced by Nick Shaxson's new book, '[Treasure Islands](#)'.

Anthony Travers of Cayman Finance is one of them.

I guess his argument would be more credible if he didn't resort to words like '[imbecile](#)' or suggest that every criticism of Cayman is the politics of envy. But he's allowed his opinion, and having published favourable comment I thought I should be balanced and give him a shout too.

Update: Nick Shaxson has answered the accusation [here](#).
