

The City and the Isle of Man

Published: January 13, 2026, 6:42 am

If you really don't believe how embedded tax haven thinking is in the City of London and in the Conservative party just watch this amazingly stupid video by Mark Field, the Tory MP for the City of London:

Isn't it amazing that here we have an MP actively arguing that a tax haven should undermine UK tax revenues? That is, after all, the only net outcome of the activity he is supporting.

Oh, that and the increase in wealth disparities.
