

A Robin Hood Tax is deliverable says IMF

Published: January 12, 2026, 9:09 pm

As Owen Tudor [at the TUC has noted](#):

The IMF has issued a [working paper](#) which explores the practicalities of implementing Financial Transaction Taxes.

His analysis is well worth reading. But as he notes, the IMF concluded:

In principle, an FTT is no more difficult and, in some respects easier, to administer than other taxes.

As some of us have argued for quite a long time.

Now, please do it.
