

Funding the Future

f you want to know why the 90% are angry one graph say..

Published: January 13, 2026, 11:50 pm

The [following comes from the Real World Economic Review blog](#) and shows the percentage growth in income for three groups in the USA from 1979 to 2007.

Of course the data will be slightly different in the UK, but not much.

This is what #occupylondon is about
