

Tackling the EU's €1 trillion tax gap - my full r...

Published: January 16, 2026, 9:05 am

My full report on why I think the EU has a €1 trillion tax gap, and how I suggest it should be tackled [is now available, here](#).

I didn't expect this report to alter my thinking, but the categorisations of avoidance and evasion by type in this report are new. Comments would be welcomed.

And the evidence is clear: unless Europe tackles the tax gap we'll never get out of the mess we're in.
