

# Sometimes you just have to laugh at how daft the Cato I...

Published: January 13, 2026, 2:51 pm

---

I [loved the story in the New York Times](#) this morning saying:

*The Cato Institute says that Charles Koch's Republican activism threatens its reputation for independent research.*

Who are they kidding?

The Cato has been a right wing front for nasty neoliberalism for decades. The Koch brothers bringing that out into the open changes nothing for most of us! But I guess if you're delusional enough to believe the Cato output maybe it does.
