People are asking what land value taxation is, which given the attention it's getting is a fair thing to do.

[One explanation is here](#). I don't agree with it all, but it's a clear expression of the main issues.

Wikipedia has a [spin on it as well, here](#).

And Jerry Jones from the Labour Land Campaign [has a longer version here](#).

In all cases I have some reservations about the optimism and scope suggested - but equally think LVT has to be a component of a future just tax system.
