Just a thought. The Queen is also the monarch in:

- * Jersey
- * Guernsey
- * The Isle of Man
- * Bermuda
- * Cayman
- * The British Virgin Islands
- * Anguilla
- * Gibraltar
- * Montserrat
- * Turks & Caicos Islands

and of course

- * The City of London

[All British.](#)

[All tax havens.](#)

That means she is the non-executive head of the dodgiest financial corporation in the world.

Worth remembering.
