

Is tax planning morally flawed?

Published: January 14, 2026, 5:31 am

This question was asked as the heading for a head to head debate in this months Economica magazine. Economica is the magazine of the Institute of Chartered Accountants in England and Wales. In that article, on page 11 of the magazine, I was pitted against Stephen Herring of BDO, with whom [I had already debated earlier this year, on line](#). My argument was as follows. [See the magazine for what he had to say:](#)
