

## Eight prime ministers and unemployment

Published: January 13, 2026, 8:41 am

---

Richard Exell at the TUC has written an excellent blog entitled [Eight Prime Ministers and the Economy](#). One thing jumped out for me: the data on unemployment. GDP and inflation can be linked to other events. Unemployment is about real people. This is the data on that issue:

Labour delivers is the message.

And Tories don't.

So much for Thatcher clearing up the mess too.
