

A Bill Dodwell gem

Published: January 14, 2026, 2:49 am

Bill Dodwell appered before the Lords before I did this afternoon.

Amongst the comments he made was something like (I did not note absolutely verbatim) "We don't see advantage from selling schemes that seek to get round the law."

Then he was asked how many schemes Deloitte had notified under the Disclosure of Tax Avoidance Schemes rules in the last three years.

"Seventeen" he said.

Do I need to say more?
