I've [just posted an email written by Dave Hartnett](#) disclosed this morning as part of UK Uncut's legal action against HMRC on Goldman Sachs. That says in its conclusion :

Now try reconciling this with what Hartnett says [in his witness statement to the hearing](#) :

I cannot see how these can be reconciled. The claim is just not credible. Of course reputation - Hartnett's reputation - played a part in the decision taken. He says so in his email.
