

October's Taxcast from the Tax Justice Network

Published: January 16, 2026, 2:14 am

In the October 2013 Taxcast: Swiss villagers send some of profit shifting mining giant GlencoreXstrata's money to humanitarian projects, tax havens do some window dressing and HOW many sets of accounts does a multinational corporation really need to file their tax returns? The David and Goliath story of tax collection - even for the United States.
