

# The People's Parliament, tonight: apologies for absence

Published: January 13, 2026, 4:59 am

---

First, thanks for many messages of goodwill yesterday. I am, for once, by and large heeding your collective advice.

Second, apologies to those going to the meeting of The People's Parliament in Westminster tonight, where I was meant to be speaking. I'd love to do so but definitely won't be. I won't be going anywhere today.
