

## The class divide in a couple of diagrams

Published: January 13, 2026, 6:56 am

---

The [government says it is concerned about sugar reduction](#). These charts comes from page 10 of their report on the issue:

There is the class divide, graphically illustrated.

The government is not, of course, planning any firm action with the food industry to tackle this issue. As the evidence shows, they do not think it is their problem.
