

Funding the Future

A tax avoidance penalty regime that would make Amazon s.

Published: January 14, 2026, 12:10 am

That's a great title. And this is a day when I am relying on blogging by friends.

David Quentin is the real author of the blog of that name, [and I recommend reading it here](#) because what David is doing is working out practical ways to deliver what the UK needs - which is a general anti-avoidance principle and not a General Anti-Abuse Rule.
