In the July 2015 Taxcast: in a special extended programme the Tax Justice Network look at the crisis in Greece and ask whatever happened to European unity?

Also: we discuss the European Parliament's vote for multinational corporations to report their activities on a public, country by country basis: the push to give poorer nations a say in international tax rule-making fails after three days of three days of bullying in Addis Ababa BUT Tax Inspectors Without Borders gets the green light. Plus more scandal and unique analysis.

Produced and presented by @Naomi\_Fowler for the @TaxJusticeNet and featuring John Christensen on the Tax Justice Network, Professor of International Politics and Economics from the University of East London, Vassilis Fouskas, @VassilisKFouska and investigative journalist, economist, lawyer and Tax Justice Network senior advisor James Henry @submergingmkt
