

### The Joy of Tax in the Guardian

Published: January 13, 2026, 3:54 pm

---

The [Guardian asks this question tonight](#):

*Can Corbynomics guru Richard Murphy fix Britain?*

And follows with:

*The Joy of Tax author thinks we should clobber tax avoiders and pump money into social housing rather than the banks. Does this wonkish former accountant have the masterplan to reshape the country?*

I think that might divide opinion.

There are links to buy The Joy of Tax from the Guardian if you read the article.
