

The September Tax Justice Podcast

Published: January 13, 2026, 7:00 am

The next financial crisis? We look at offshore and the trillion dollar derivatives market. Plus: we discuss how Mexico's trying to force multinational companies to pay more tax, how recent market madness originating in China shows why we need a Financial Transactions Tax more than ever, and why the recent election by a landslide of UK opposition leader Jeremy Corbyn is a game-changer.
