

Britain needs a pay rise

Published: January 19, 2026, 1:39 am

The [TUC has published a map](#) showing the loss in average earnings by UK employees since the Global Financial Crisis of 2008.

Britain needs a pay rise and that's not on every party's agenda at the forthcoming election. It should be. But some prefer exploiting labour to rewarding it. That's an unacceptable choice that has gone on for too long.
