

The public want the Green New Deal's investment priorit...

Published: January 15, 2026, 12:33 am

According to the Times ([behind a paywall](#)) these are the priorities for UK national investment according to the UK public right now, as recounted to Ipsos Mori:

One to five are all [Green New Deal priorities](#).

I admit water is also a big deal.

And I would put all roads lower down the list.

But the message is getting out there.

Except to Philip Hammond, I am sure.
