

MMT is economics for the twenty first century where all...

Published: January 13, 2026, 2:06 am

I think I have shared this before, but I will again:

<https://www.youtube.com/watch?v=MB0bkYtOdNQ&feature=youtu.be>

When will politicians learn what Stephanie Kelton points out?

Modern monetary theory is simply economics for the twenty first century where all money is just a government promise backed by tax. It really is time politicians realised.
