David Davis is [going to say](#) today:

They fear that Brexit could lead to an Anglo-Saxon race to the bottom. With Britain plunged into a Mad Max-style world borrowed from dystopian fiction. These fears about a race to the bottom are based on nothing, not history, not intention, nor interest.

I wish I could believe him but I know I will stand alongside the millions who do not.

If Brexit was about anything for those who supported it then it was about deregulation. Every comment by every minister ever since has suggested that's the case.

David Davis must think we're all stupid.

We're not.
