

When you lie down with dogs you get fleas

Published: January 14, 2026, 11:36 am

One of parliament's better moments:

<https://youtu.be/kfy1mDdNtEQ>

I applaud David Lammy for this.

And I note his comment that 'when you lie down with dogs you get fleas'. He is so right. The Tories have played with fire when collaborating with the far right on the issue of race.

And, if I might say so, neoliberalism has a not dissimilar economic impact. It is also intended to isolate and alienate communities. And it does.
