

Funding the Future

Trouble in the stock markets? Not a hint of it in sight...

Published: January 14, 2026, 9:00 am

From the FT this morning:

So that's OK then: not a hint of trouble ahead, anywhere, any time soon.

And nothing's fatal for shares in any market.

As the optimists were saying here, recently.

PS: I am working on a note on why I think a fundamental market adjustment is inevitable
