

Publication of my submission to the Treasury Committee ...

Published: January 13, 2026, 4:17 am

As I mentioned recently, I made submissions to the Treasury Committee of the House of Commons on tax avoidance and tax evasion and separately on the VAT tax gap on 31 May.

The tax avoidance and evasion submission is now to be found [here](#).

The evidence on the VAT gap appears not to have been published as yet.

It appears that I am the only UK academic to submit evidence on tax avoidance and evasion to this inquiry.

I will feature some aspects of my submission in other blog posts in due course.
