

The best outcome from Brexit is likely to be a SHIT dea...

Published: January 19, 2026, 2:52 pm

I was trying to explain our Brexit options to someone not quite convinced they were so limited last night.

I ended up explaining that we could have Canada.

Or Canada+.

Or maybe Switzerland.

But more likely Norway.

With others thinking only the Jersey option really works.

Whichever way we looked at it we were probably going to get a Second Hand International Treaty.

Or a SHIT deal.
