

## Brexit update

Published: January 13, 2026, 3:25 am

---

And here's today's Brexit update.

I have no clue what will happen today.

It will not, however, go as Boris Johnson wants.

Tories will scream about betrayal.

There will not have been a betrayal.

Brussels will be calmer than London.

Laura Kuensberg and Robert Peston will upset a lot of people on Twitter.

Beyond that your guess is as good as mine.
