

The Silicon Six and their \$100 billion global tax gap

Published: January 12, 2026, 10:27 pm

The full Fair Tax Mark report on the tax avoidance of the Big Six Silicon Valley tech companies is now out.

This report has already been noted around the world, and rightly so. I am delighted an organisation I was until recently a director of and which I now advise produced this.

The links are in here:
