

If you think coronavirus is going to be a storm in a te...

Published: January 13, 2026, 1:11 pm

There are many who have commented on this blog who seem to think coronavirus should have little or no impact on them. I have to say that I think they are very wrong. This is an example of the reasons why think that:

"This is the most frightening disease I've ever encountered in my career."

Richard Hatchett, the doctor leading efforts to find a vaccine for coronavirus, says it is much more lethal than normal flu. [pic.twitter.com/1tjj2ed0Hq](#)
