

Funding the Future

There is hope for 2021, but there's also a big IF

Published: January 15, 2026, 12:12 pm

2021 is not looking good, but eventually we might beat coronavirus. The bigger problems are the issues it may leave behind and if we are to beat them we need a new political consensus which no political party can deliver right now. But could they if they worked together for a better politics? That is my hope.
