

# Funding the Future

Today at 11am

Published: January 13, 2026, 2:38 pm

---

I share this, which I did not write:

*Today (11am, 23 March) Francis Sealey is interviewing Richard Murphy about the Green New Deal and how it can be applied to our localities to achieve both sustainability and climate justice. Richard is one of the leading authorities in the country. He helped to design the elements of a new green deal that combines tackling emissions and achieving social justice. You [can register here](#) #sustainability #climatechange #greennewdeal*

The discussion lasts for 30 minutes.
