

Funding the Future

We have a long way to go to beating the coronavirus pan...

Published: January 13, 2026, 10:53 pm

I was asked to share this, and am happy to do so. It is a recording of an Independent Sage meeting, a week ago, when one of the shocking disclosures was that very recently 75% of all Covid vaccines had happened in ten countries and 130 countries had received no vaccines at all. Debate was on what might be done to address this.

We are a very long way from treating this global pandemic.

Patent issues are clearly involved. The first half an hour is definitely worth looking at. I admit I did not get to all the Q&A.
