

# "Can't we just print more money": the first impression ...

Published: January 13, 2026, 4:25 am

---

This was published overnight and I got an electronic copy:

It's the new book on economics from the Bank of England.

I've read the first twenty pages or so, so far.

My initial review can be reduced to two words: conceited and patronising.

And sometime they'll get through their egotism and start talking economics, I hope.
