

Funding the Future

Day 2

Published: January 13, 2026, 11:24 am

Day 2. Yesterday was not fun, and the night was feverish. So there won't be much going on today. By and large I am going to do nothing until this is gone.

One thing I noticed though, which is how extraordinarily long the day is when doing nothing. I admit I am bad at doing nothing. I am much better at dual tasking. But how do people manage to do nothing, all day? I am baffled.
