My Twitter thread format appears to be popular, with publications lifting them for use in other media.

[Prospect did so, again, yesterday:](#)

ECONOMICS & FINANCE BANK OF ENGLAND COST OF LIVING ENERGY GOVERNMENT

Raising inflation is just the start of this crisis

The fragile threads that hold our economy together are about to break. What happens after remains uncertain

By Richard Murphy August 10, 2022

So too did East Anglia Bylines:

<https://twitter.com/BylinesEast/status/1556640444741783552>

This last one seems to have been especially popular, getting a lot of retweets.
