

## Why Sunak will hit his inflation target

Published: January 15, 2026, 11:03 am

---

I recorded this video interview last Friday. In it I discuss why Sunak will hit his inflation target, which is not very ambitious at all.

The video was made for a Vlog called 'Not the Andrew Marr Show'. It usually goes out, I think, on Sunday morning, when Andrew Marr also used to when on the BBC. He is now, of course, on LBC, and taking a rather different line on politics. I have been on his show on that station.
