

## Getting the future for Scottish renewables right

Published: January 14, 2026, 7:09 am

---

I just noticed that The National in Scotland had posted a video of a discussion I had with its editor, Laura Webster, on the subject of the significance of independence to the Scottish renewables industry last week, based on my column published last Wednesday:

For love nor money I could not embed this, for reasons I cannot explain. So, you can watch it here. [you can watch it here.](#)
