

New glossary items

Published: January 14, 2026, 1:58 am

I posted a number of new glossary items yesterday, as follows:

OECD transfer pricing guidelines

Arm's length method

Maxed-out credit card

National income

Inflation

Money

Money in the bank

Money creation

Some of these will be reposted as individual blog items over the coming days to encourage discussion.

I also posted on entry on fascism. This will be updated slightly for comments received today.
