

Oborne on Starmer

Published: January 13, 2026, 2:31 am

I was more than willing to believe Peter Oborne when he described the lies Boris Johnson told.

I have tried hard not to think Starmer as bad, but after this week and Starmer's bare-faced U-turn on his position on blockading Gaza it is hard to maintain that view. Oborne is damning about him.

I am not sure I agree with all he says, but he is worth listening to:
