I posted this on Twitter whilst dinner was being prepared last night, based on a conversation taking place in our kitchen:

Richard Murphy ✓
@RichardJMurphy

...

My wife has just told me that her sixty years on earth have taught her that the world is much more f*cked up than she ever thought it was when she was younger.

It seemed that a lot of people agreed.

Many were of similar age to my wife and me, but not all, bit not all.

We are in a mess, and few see a way out as yet.
